Standard Harmsco and WaterBetter cartridges rated for temperatures to 140°F (60°C). High-Temp Harmsco cartridges rated for temperatures to 200°F (93°C). Ratings depend on pressure and time under load. Activated carbon cartridges for taste, odor, chlorine and organic chemical removal; specialty cartridges for Cryptosporidium and Giardia Cyst control; and All-Polypropylene cartridges for aggressive chemicals are available.

Certified to ANSI-NSF 61

Warranty: Harmsco Filter Housings are covered by a one year limited warranty. See warranty card for full details.
